

Material feeder E15 Band

Those cable feeders are suitable for installation with our ISOMAT, Autocut and other machines. Since the Isomat or Autocut are not suitable to pull the cable of the reel, our material feeder will get this job done. Most important is the steady and constant feed of the cable to the attached machines. The feeding is regulated by an installed dancer.

Technical data

Basic equipment:	Vorschub E15 Band
Part-number:	10525
Delivery time :	3 Weeks
Technical data:	
- Material diameter max.	15 mm
- Material width	--- mm
- Belt-drive	40 m/min
Pneumatic:	
- Air pressure	---
Electrical Data:	
- Voltage	230 V / 50 Hz 115 V / 60 Hz
- Connected load	400 VA
- Interface:	To Autocut 9 , 15/40 , 20/85 ISOMAT
Dimensions:	
- length	320mm
- width	420mm
- heigth with keypad	260mm
- weigth	18 kg
Tools:
