

SMS PRESENCE VIDEO CONFERENCE MOBILE

Stable video conferencing that can be moved without problems.

An ergonomic and flexible product that is easy to move and easy to install. The unique protected design completely hides cables and peripherals inside the unit. The product is attractive and elegant on all sides, and can thus be placed in the centre of the room. The bracket is perfect for large, heavy displays, due to the very stable design. A camera shelf is included in the delivery. The displays can be locked by a padlock or the accompanying locking pin, which provides increased protection from theft and personal safety. The accurate factory assembly means that installation is easy and quick. Maximum weight of each display: 55 kg. Finish: aluminium/anthracite grey.

QUESTIONS AND ANSWERS

How do I gain access to the cables and equipment inside the product?

- Removable magnetic covers on both the front and the back of the unit make it easy to gain access to cables and other media equipment.

Is my camera equipment compatible with the bracket?

- Yes, the product can be used with any camera. A camera shelf is included in the delivery, easily mounted above the displays.
